

THE CASH MANAGEMENT SOLUTION FOR WORKERS' COMPENSATION PREMIUM PAYMENTS

Problem: Managing cash flow when you have to come up with a workers' compensation policy down-payment, which may be as much as 25% of the policy premium.

Solution: T.C. Irons Payroll powered by Primepoint and The Hartford's XactPAY®

XactPAY® allows you to pay your Hartford Workers' Compensation premium based on actual payrolls and one payroll period at a time. Your cash flow won't be negatively affected by a large deposit premium or by premiums based on inflated payroll numbers from previous years.

How does it work?

It's this simple - when you purchase a workers' compensation policy from The Haines & Haines/T.C. Irons Agency and The Hartford and utilize T.C. Irons Payroll powered by Primepoint, XactPAY® automatically calculates your workers' compensation premium for each payroll period.

How will it help you?

- No large down payment
- No finance and billing fees
- Improved cash flow
- Help to minimize audit adjustments at the end of the policy period
